None of the information contained within the www.yourethicalmoney.org website, or the form in which it is presented is intended to be, or should be, taken as a recommendation, either implied or expressed, to make any particular financial decision. The data is provided as neutral factual information only to assist anyone interested in generally surveying the market in ethical funds or other ethical financial products. The information in this website is not, and should not be treated as any form of financial advice or recommendation and no investment decisions should be based upon it without consideration of the financial aspects of the decision including (but not limited to) considerations of returns, risk, charges, product and other suitability of the investment to the investor concerned. EIRIS strongly recommends that investors take independent financial advice from a qualified adviser before entering into any investment decision. The information presented in this site should be seen only as providing information in relation to some of the many considerations that should be taken into account in that process. No prospective investor should take any action on the basis of this information. It is intended to assist in an investor moving to sources of more specific and detailed information for further investigation, advice and analysis. If a prospective investor wishes to apply ethical criteria to their choice of investment this should not be, wholly or partly, to the exclusion of a full consideration of their investment needs and of all relevant financial and other non-financial factors and the full range of alternative investments in the same (and other) classes.
